Fluke 330 Series Clamp Meters

Take a new look at current measurement

With the striking design of the Fluke 330 Series, we've taken a new look at the way you use your tools, and how to get the results you need, faster and more conveniently. The result is a new, ergonomic concept, shaped to fit your hand and to access tight spots easily. The series feature a large display that is backlit -on most models- so readings can be taken in virtually any lighting situation. Auto-shut-off maximizes battery life so the meter works when you need it. A choice of five models gives you the right functions for your measurements.

| Model Name | Description | Buy it ** |
|------------|---|---------------------------------------|
| Fluke 333 | Clamp Meter All models include: <ul style="list-style-type: none"> ? Coated instruction card ? Safety information sheet ? Soft carrying case ? TL75 test leads ? Two AA Alkaline batteries | Distributor inventory |
