TYPE 156 & 158 RELAY SOCKETS

SOCKET PART NUMBER AND DESCRIPTION		
Part Number	**Description**	**Figure**
670-0002	4 pole .250 long terminal .187 solder ground lug	1
670-0003	4 pole .200 printed circuit terminal .187 solder type ground lug	1
670-0011	4 pole .200 printed circuit terminal .160 PC ground lug	1
670-0014	4 pole .200 printed circuit terminal, no ground lug	1
670-0120DIN	4 pole Din rail screw terminals (Also surface mount)	3

CONSTRUCTION
Electrical Characteristics
300 Volts, 7 amps
Physical Characteristics
Connectors . . . . . .Brass, Nickel Plated **Screws** . . . . . 4-40x1/4" Steel, Nickel Plated **Molding** . . . . . .Break resistant thermoplastic

UL E60008
CSA LR29513

Hold Down Springs
248-6855
248-6863
248-6826
