## Super HFE Electronics Cleaner

### 4120

[BUY NOW](#)

We have reformulated our existing HFE blends with a newly developed solvent that allows us to maintain the cleaning power, non-flammability, non-conductivity, and environmental friendliness while dramatically reducing the cost.

For removing flux, greases, oils, oxides, silicones, carbon, dirt, smoke film and grime, where a non-flammable, non-conductive solvent is required. Test for plastic compatibility before use. Extra effective with the use of M.G. Hog Hair Cleaning Brushes (Cat. No.'s [852](#) and [853](#)).

**Replacing 141B was never so easy!**

- Non flammable
- Non conductive
- Non corrosive
- Excellent cleaning strength
- Fast dry
- Leaves no residue
- Environmentally friendly
- 100% ozone safe
- Significantly lowers cost compared to standard HFE blends
- Perfect replacement for 141B

**Available Sizes**

Catalog Number	Sizes Available	Description
4120-450G	450g (16 oz)	Aerosol
