

**Part Number :** [638027500](#)

**Product Description :** Mini-Mac Applicator Rear Feed

**Series Number :** 207127

**Status :** Active

**Product Category :** Applicators and Crimp Modules

---

| Tool Type                      | Applicator                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| UPC                            | 883906944599                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Warranty Disclaimer            | CAUTION: Molex tooling crimp specifications are valid only when used with Molex terminals and tooling manufactured by Molex and sold by Molex or authorized distributors ("Molex Tooling"). When using tooling other than Molex Tooling with Molex specific connector systems listed in our ATS documents, the Molex tooling qualification does not apply and the responsibility for full qualification of the connector system is that of the customer. Molex accepts no liability for connector performance or tooling support where tooling other than Molex Tooling is used or where Molex Tooling is modified. |
