

# SAC-3P-MR/ 5,0-28R SCO RAIL - Sensor/actuator cable

1407300

<https://www.phoenixcontact.com/nl/products/1407300>

Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Sensor/actuator cable, 3-position, PE-X halogen-free, black, shielded, Plug angled M12 SPEEDCON, coding: A, on free cable end, cable length: 5 m, For railway applications

## Your advantages

- Easy and safe: 100 % electrically tested plug-in components
- Securely locked by special vibration brake
- Resistant to temperature influences – tested for an extended temperature range and for resistance to temperature shocks
- Reliable signal transmission – 360° shielding in environments with electromagnetic interference

## Commercial data

|                                      |               |
|--------------------------------------|---------------|
| Item number                          | 1407300       |
| Packing unit                         | 1 pc          |
| Minimum order quantity               | 1 pc          |
| Sales key                            | AF1CBA        |

## Technical data

### Notes

|         |                                                                                                             |
|---------|-------------------------------------------------------------------------------------------------------------|
| General | Further products with variable cable type and variable cable length can be found in the accessories section |
|---------|-------------------------------------------------------------------------------------------------------------|

### Product properties

|                      |                      |
|----------------------|----------------------|
| Application          | Railway applications |
| Number of positions  | 3                    |
| No. of cable outlets | 1                    |
| Shielded             | yes                  |
| Coding               | A                    |

### Insulation characteristics

|                      |    |
|----------------------|----|
| Overvoltage category | II |
| Degree of pollution  | 3  |

### Material specifications

|                                        |                              |
|----------------------------------------|------------------------------|
| Flammability rating according to UL 94 | V0                           |
| Material of grip body                  | PA 6.6                       |
| Contact material                       | CuSn                         |
| Contact surface material               | Ni/Au                        |
| Contact carrier material               | PA 6.6                       |
| Material for screw connection          | Zinc die-cast, nickel-plated |
| Standards/regulations                  | PA 6.6                       |

### Electrical properties

|                       |                            |
|-----------------------|----------------------------|
| Insulation resistance | $\geq 100 \text{ M}\Omega$ |
| Nominal voltage $U_N$ | 48 V AC                    |
|                       | 60 V DC                    |
| Nominal current $I_N$ | 4 A                        |

### Mechanical properties

#### Mechanical data

|                             |            |
|-----------------------------|------------|
| Insertion/withdrawal cycles | $\geq 100$ |
|-----------------------------|------------|

### Signaling

|                        |    |
|------------------------|----|
| Status display         | no |
| Status display present | no |

### Connection data

#### Conductor connection

|                   |                        |
|-------------------|------------------------|
| Tightening torque | 0.4 Nm (M12 connector) |
|-------------------|------------------------|

| Concentration of fumes                        | BS 6853 D.8.7                                              |
|                                               | EN 61034-2                                                 |
|                                               | UL 1685, 12 (FT4)                                          |
| Resistance to oil                             | according to IRM 902, 72 h at 100 °C                       |
| Fire protection in rail vehicles              | BS 6853 (Category Ia, Ib, II)                              |
|                                               | GM/RT 2130 (Category Ia, Ib, II)                           |
|                                               | EN 45545 (Risk level HL1 - HL3)                            |
|                                               | DIN 5510 (Fire protection level 1, 2, 3, 4)                |
|                                               | NF F16-101 (Category A1, A2, B)                            |
|                                               | NF F16-101 (Class C/F0)                                    |
|                                               | NFPA 130                                                   |
|                                               | UNI CEI 11170 (Risk level LR1 - LR4)                       |
| Other resistance                              | Resistance to fuels (according to IRM 903, 168 h at 70 °C) |
| Ambient temperature (operation)               | -50 °C ... 120 °C (cable, fixed installation)              |
|                                               | -25 °C ... 90 °C (Cable, flexible installation)            |

## Environmental and real-life conditions

### Ambient conditions

|                                                                   |                                  |
|-------------------------------------------------------------------|----------------------------------|
| Degree of protection                                              | IP65                             |
| Ambient temperature (operation) (male connector/female connector) | -40 °C ... 85 °C (Plug / socket) |

## Standards and regulations

### M12

## Environmental product compliance

### EU RoHS

|                                         |                    |
|-----------------------------------------|--------------------|
| Fulfills EU RoHS substance requirements | Yes, No exemptions |
|-----------------------------------------|--------------------|

### China RoHS

|                                        |                                          |
|----------------------------------------|------------------------------------------|
| Environment friendly use period (EFUP) | EFUP-E                                   |
|                                        | No hazardous substances above the limits |

### EU REACH SVHC

|                                     |                                                             |
|-------------------------------------|-------------------------------------------------------------|
| REACH candidate substance (CAS No.) | 6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol(CAS: 119-47-1) |
| SCIP                                | 5d40aca0-1a7c-4039-b462-763cf06be2e0                        |
